THE CONNECTICUT CAMPUS

ALUMNI! DON'T FORGET YOUR SUBSCRIPTION

VOL. VIII

STORRS CONNECTICUT, THURSDAY, OCTOBER 13, 1921

NO. 4

THE "CAMPUS" SOLICITS SUPPORT OF ALUMNI

LAST TWO ISSUES SENT
FREE TO EVERY ALUMNUS

**Local Secretaries Will be Urged
to Co-operate With College
Paper in Securing Subscrip-
tions From Association Mem-
bers**

The Campus in the last two issues has solicited the Alumni for subscriptions. Last week's paper contained a box in the front page urging the Alumni to subscribe to the college paper. Every Alumnus received a free copy of the paper with an accompanying blank subscription pledge.

This issue is the last that the Campus can afford to put before each alumnus free of charge. In it we have inserted all the news of alumni activity that we have been able to gather and have printed the first cartoon that the paper has attempted. This is shown on the editorial page.

If the Alumni Association succeeds in securing the services of an Alumni secretary, then the Campus will be able to carry in its columns each week personal notes of alumni activities. As it is now the Campus prints letters sent directly to the editor from alumni and also obtains alumni notes from the fraternities. Besides these items the Campus runs news of the association's activities.

During the next week this paper will send a personal letter to the local alumni secretaries, urging them to co-operate with the Campus in securing alumni support. One local has already sent in through its secretary its members' subscription pledges. This is an easy and efficient way of handling alumni subscriptions and the system which the Campus is trying to suggest in its coming letter.

Now that the Alumni are represented in the Athletic Council they will want to keep in close touch with athletics. Their only means of obtaining the "dope" will be the excellent sports page of the Campus which contains cuts in nearly every issue and also an editorial column of sports comment called The Megaphone. One page is entirely devoted to sports and very often it has notice of an alumni reunion at some special game as it happens to have in this issue.

The paper will come out Wednesdays this year.

The College Shakespearean Club extends to the members of the faculty a cordial invitation to an informal "at-home" to be held in the new club house Sunday afternoon, October 16, from two until five P. M.

ALUMNI ASSOCIATION MAY HAVE SECRETARY

MASSACHUSETTS ALUMNI WORKING FOR BIG CROWD AT
LOWELL TEXTILE GAME ON OCTOBER 22ND

The Alumni Association may have an Alumni Secretary this year if the college is able to donate its share of the expenses. The plan was to have the college give two dollars for every dollar contributed by the Alumni toward the secretary's salary. Four hundred dollars has been practically pledged by four or five local associations for this purpose.

A new local has been formed this year at Worcester and a sum of fifty dollars raised for alumni purposes.

WIRELESS TELEPHONE INSTALLED ON CAMPUS

M. E. Department Buys Complete Outfit.

Altho the results of the world series games have been received on the campus by wireless telegraph better results are to be expected in the very near future as the Mechanical Department has installed a complete outfit of wireless telephone apparatus.

This equipment is set up in the reference room of the Mechanics Building and ought to be a source of interest to many fellows on the campus as well as a means of obtaining world wide news within a very few seconds after the happening.

VARSITY CLUB ELECTS FIVE NEW MEN IN FIRST MEETING

At the first meeting of the Varsity club for the year, held Monday evening, October tenth B. H. Brow, R. D. Brundage, J. M. Mullane, R. S. Laubcher and B. Gordon were elected to membership. All these men won their C in baseball being members of last season's team. "Benny" Brow has been on the squad for three seasons but last season was his first as a regular. He held down third base. Brundage also for the first time on the varsity last season, giving an excellent account of himself in right field. Mullane started out behind the plate, with little previous experience but quickly proved himself capable. "Jim" later was transferred to first base when Captain Metteli became available for the catcher's berth. "Bob" Laubscher received his C for his mound work, and Gordon, for holding down short-stop.

The present officers of the club, elected at the end of last year are: William I. Graf, President; Henry D. Boas, Vice Pres.; N. C. Emigh, Sec. and Treas. Plans are now in the hands of a committee for a social function to be held in the near future.

All the Massachusetts alumni will be seen at the Lowell Textile game at Lowell, Mass., on the 22nd if the plans of the Association works out satisfactorily.

Cards and letters have been sent out to every alumnus in Massachusetts urging him to put in an appearance at Connecticut's fourth game of the season with Lowell Textile at Lowell

October 9, 1921

Connecticut Campus
Storrs, Conn.

Dear Editor:

Please congratulate the football team, squad and coaches upon their fine showing in football played against Trinity yesterday.

We plan to take in the Connecticut-Lowell game at Lowell Saturday, October 22 with others of the Massachusetts alumni of the Connecticut Agricultural College, with our wives and friends.

Yours for Connecticut in victory and defeat and for all time.

EARL KATHAN, '12
KEITH SCOTT, '08
E. C. EATON, '11

COMMITTEE CHOSEN TO SE- LECT FOOTBALL HOP PLAY

The selection of a play to be given the night before the Football Hop is now in the hands of a committee consisting of P. F. Dean, Miss Potter, and G. V. Hiledring. There are several plays under consideration, among them being "Adam and Eve," "Believe Me, Zantippe," "Salamander," "It pays to Advertise," "My Lady's Garter," and "The Private Secretary." Whatever choice is made the Dramatic Club has decided it will be a comedy. A coach has not yet been chosen, but as soon as the play itself is decided upon, a coach will be obtained and tryouts for the parts will be held.

GOODEARLE IS GLEE CLUB PRESIDENT

**Mrs. H. D. Newton to Act as
Coach**

The first meeting of the Glee Club was held Wednesday evening, October 5 in Hawley Armory. The following officers were elected for the coming year, G. P. Goodearle President, D. B. Bassett, Vice President, R. W. Heath manager, Harry Wing Assistant Manager, and Francois Boulanger Secretary-Treasurer.

STUDENTS AVERAGE 637 ON INTELEGECE TEST

CO-EDS UNABLE TO COME
UP TO MENS' STANDARD

**Correlation Noticeable Between
Honor Students and Those
Making High Grades in Intel-
ligence Test.**

The results of the general intelligence tests which were given last June were recently made available for publication by the secretary's office, and a study of these results brings to light a number of interesting facts regarding the general intelligence of the students at C. A. C.

During the week of final examinations last June every student was required to take an army intelligence test, and two hundred and sixty-nine papers were finally passed in for correction. The army group examination Alpha was used, and consisted of eight tests. These included tests of quick thinking, tests of common sense, problems in mathematics and true and false statements to be identified. A time limit was set for each test,—and if a student was unable to finish in the allotted time this lowered his mark for the test.

Two hundred and twelve was a perfect grade in the test, and the highest individual had a grade of one hundred and ninety-five or ninety-two per cent. perfect, while the lowest score was thirty-seven or only seventeen per cent. The average grade of all students taking the test was 133.4 or 63 per cent perfect.

The College system of grading papers designates grade A as a mark of 90 per cent. or better, grade B as 80-89 per cent., grade C as 70-79, and grade D as 60-69, while any mark under 60 is not passing.

Converting the grades on the intelligence tests, it was found that three students, or only one per cent of those taking the test had an average of A or 90 per cent, 32 students or 12 per cent., had an average of B, 56 students or 2 per cent. had an average of C, and 79 students, or 29 per cent. had an average of D, the passing mark. In all 63 per cent of the students received a mark of D or better, and the remaining 37 per cent. failed to pass the test, having a grade below 127 out of a possible 212.

(Cont. on page 6, col. 2)

There will be a meeting of the Students' Organization Friday, October 14 at 7:00 P. M. A meeting of the A. A. will follow the Students' Org. meeting.

CONNECTICUT AND TRINITY FIGHT SCORELESS BATTLE ON DOW FIELD

WET FIELD PREVENTS BACKS FROM GETTING AWAY.
SECOND HALF PLAYED IN DOWNPOUR

Connecticut Aggie 0, Trinity 0. So reads the official results of a fifty-two minute encounter between the two elevens on Gardner Dow field Saturday afternoon. It was a poor day for the game as previous rains had made the field wet and slippery, the first half being played under constantly lowering skies and the last half in a pelting driving rain that made real football an impossibility. It would have been "tough pickins" for Ring Lardner Saturday. Of course he might pull a few chestnuts about Noah's ark being parked outside the gate waiting for the waters to recede or perhaps the choice epithets of the Trinity followers as they vainly entreated their warriors to wipe the field with the "Farmers" might afford him an inspiration.

As far as the game is concerned, it was a battle from start to finish with the odds for the most part in favor of Captain Mitchell's squad. Because of the exceptionally wet field it was impossible for the Aggie backs to get away on any long runs and although the Trinity line was opened up wide on more than one occasion no gains of any consequence were registered. Four first downs were chalked up by each eleven, those of the Trinity team being due mainly to forward passes, while straight line bucking, combined with some high class punting by Eddy was the order of the day for the C. A. C. outfit.

Late in the second quarter it appeared as if a score for the Aggies was a certainty. Eddy got away a long punt which Bowridge, the Trinity quarter picked up on his own goal line. Surrounded by both elevens he attempted to run it back and was forced behind his own goal posts where it seemed certain that he would be brought down. He outran all of his pursuers, however, and succeeded in reaching the Trinity three yard line before he was downed. A kick by Nordlund, the Trinity left end, went

offside on the twelve yard line and the ball was again in Connecticut's hands. Three successive line bucks were of little avail so "Mac" Daley went back to try a kick from placement which missed its mark by a narrow margin.

For the greater part of the game the ball was in Trinity territory, often dangerously near its destination. But in the third quarter a succession of forwards and line bucks combined with a ten yard penalty brought the ball up from the Trinity 30 yard line to the Connecticut twenty yard line but there it stopped. The punting of Eddy, who played his first varsity game Saturday was of great assistance to Connecticut as was the all around excellence of the line and backfield. "Chick" Hammill, the former Bridgeport High athlete, showed up well in his first game and "Bill" Baxter's return to the quarterback position was also a source of strength and confidence.

Summary:

Conn. Aggies		Trinity
Eddy	le.	Nordlund
Juralewicz	lt.	Sinclair
Clark	lg.	Dolan
Graf	c.	Brill
Ashman	rg.	Richman
Mitchell (Capt.)	rt.	Woolam
Frostholm	re.	Hartt
McCullough	qb.	Bowridge
McKniff	lhb.	Tansill (Capt.)
Ryan	rhb.	Kennedy
Daley	fb.	Ransom

Substitutions—(Aggies) Baxter for McCullough, Hammill for Ryan; (Trinity) Keating for Ransom.

Miss goal from placement—Daley, Referee, Johnson, Springfield; umpire Dorman, Brown; head linesman, Ladd. Willimantic; time of quarters, thirteen minutes.

The Megaphone

Captain Mitchell's squad worked like a sixty horsepower machine Saturday. It seemed to be quite a surprise to the Trinity followers.

Those punts that Eddy reeled off were a sight for sore eyes. By the end of the season he'll be booting them over in big league style. He had it all over Nordlund, the Trinity punter.

"Bill" Baxter's return to his old position at quarter was welcomed by his teammates on last year's varsity.

McCullough's work at quarter was cut short early in the game by an injury to his knee. It is expected that "Mac" will be in uniform again in about two weeks.

"BEANO" GRAF
Connecticut's Heavy Center

SENIORS TRIM SOPHS IN FIRST CLASS GAME

Heavy Upperclass Team Plows Through Soph Line at Will

In a well played game the Seniors defeated the Sophs on Gardner Dow field in the first of the interclass series Monday afternoon. The final score 12-0, tells very well the respective strength of the two teams. Weight and experience were plentiful in the Senior line while the Sophs relied on their speed. The game proved very interesting and if this one is a criterion there should be some mighty good class games in store.

The game opened with Donahue kicking to the Seniors who began a march down the field which lasted for three downs, a slight interruption occurring when "Slat" Bamford broke thru and spilled Wood for an eight yard loss. However, the Seniors were determined and quickly made up the loss, carrying the ball to the Sophs four yard line. From this point Wood crashed thru tackle for the first score. "Dutch" Maier missed the kick for goal. The Sophs received the kickoff and after hitting the line twice for no gain resorted to a forward, Donahue to Peterson, the pass netting seven yards. They were unable to penetrate the Senior line and were held for downs. Wood and Maier plugged the line for another first down but time was up before the next play was completed.

Wooster kicked to the Sophs, Schlicht running the ball back ten yards. The upperclassmen again tried several passes one of which, Donahue to Nelson, netted fifteen yards. The Sophs had a golden opportunity to score from the fifteen yard line but the Senior line was impregnable and Donahue dropped back for a try at goal which fell short. The Seniors received the ball on their six yard line and promptly punted out of danger. The Sophs were held after gaining sixteen yards,

(Cont. on page 7, col. 2)

According to the consensus of opinion on the "Hill," Trinity can thank the weather man, the chief reason for this being that the wet field prevented Hammil from getting away on any of those famous runs.

Next week's game with St. Stephens ought to be an excellent chance to give the first string men a rest—providing the St. Stephens team is of the same calibre as the one which represented them last year.

GYM TEAM READY FOR YEAR OF UPS AND DOWNS

The Gym Team will hold its first meeting in the Armory Thursday afternoon. This team was especially active last year giving three exhibitions. Manager L. M. Bemont will have charge of the team until a trainer can be secured and urges all new men who are interested in gym work to go out. Several offers for outside exhibitions have been received by the manager and will be considered at the meeting.

COACH DALY TO RETURN NEXT SEMESTER

Much Fine Material for Track This Year

All present indications point to the fact that this year will mark a new epoch in the track affairs of the college. A great deal of freshman material is on hand, and all that remains is to secure proper coaching so that this material can be whipped into shape. If the present plans of those in charge, are carried out, Coach Daly will be back on the "Hill" by the beginning of the second semester. Mr.

COACH DALY

Daly did exceptionally fine work last year in the two short months that he was in charge of the track work. This year with the abundance of good and experienced material he ought to be able to put the name of C. A. C. into the limelight of the intercollegiate track affairs of the East.

NEW RULES OF SOCIAL COM- MITTEE EXPLAINED TO GIRLS

Miss Whitney Explains Use of
Library

At a meeting of the W. S. G. A. held
on Tuesday, Oct. 4, Katherine Man-
chester was elected as Freshman rep-
resentative to the Student Council,
and Pauline Gerard was elected as
Freshman representative to the Social
Committee.

The girls were informed about the
new rules passed by the Social Coun-
cil. They are as follows:

The young gentlemen may be invit-
ed into the living-room every evening
until 7:30.

On Sunday evening the girls may
entertain until 8:00.

Gentlemen coming from out-of-town
during the week may be entertained
by the girls on receiving special per-
mission.

Miss Whitney gave a lecture on the
"Ethics of the Library." Her first
point was, "Observe the Golden
Rule." This embodied conversing
and eating in the library. She
stated that there are some people
in the library that come there to study
and it is very selfish of people who use
it as a rendezvous for a tete-a-tete or
to exchange the gossip of the day.

NAME OF LOCAL CHURCH CHANGED

Incorporated With Ecclesiastical
Society

Twenty members of the local church
were present at a business meeting
that was held on Wednesday night
October 5th at 8: p. m. at which the
principal subject for consideration
and action was the incorporation of
the church with the Ecclesiastical So-
ciety of Storrs. Many of the churches
throughout New England have been
incorporated and the results are num-
erous and advantageous.

As it was passed by a unanimous
vote to incorporate the church with
the society all the property of the so-
ciety was taken over by the church
and a committee composed of Messrs
Baker, S. P. Hollister, J. N. Fitts, H.
D. Newton, and President Charles L.
Beach were appointed to act in behalf
of the church, as pro tempore trustees
until the next annual meeting which
will be held in January. They were
authorized to carry out mortgages
and repairs of the church as specified
by the Ecclesiastical Society. The pre-
sent staff of church officers will con-
tinue their duties until the next an-
nual meeting.

A motion was carried to change the
name to the Storrs Congregational
Church.

A MODERN PARABLE

A man has patented a bell that rings when the gasoline
in your tank is running low, so that you will be warned in
time and not get stuck on Spring Hill. This is a little bell.

There is a big bell, which can be heard over the Campus,
that rings, from time to time, to notify people that their
power-supply is running low, and to remind them to come
and replenish it. You may not believe this, but we can prove
it.

Before Professor Blank starts for Willimantic, you can
see him take out a measuring rod, and find out if he has
enough gas for the trip. But most of us are making the
Trip of Life without knowing anything at all about our
power supply.

The most common blunder of this present age, especial-
ly at colleges, is the belief that we can make the high hills
of life on Education without Religion. That is why too
many weak citizens are coming out of our schools.

The pulpit and the psychologist alike teach that worship
restores the reserve forces of body and mind. Our Church
bell rings, Sunday morning, at the chosen moment for re-
storing the personal and community vitality. It means
weakness to stay away; it means strength to come. A
church-neglecting community becomes a de-vitalized com-
munity. A church-attending community is an empowered
community.

The Halloween Masque Dance is only three weeks away. But don't worry about disguises, boys. All we'll have to do is to wash up and shave and they'll never know us.

The Freshmen have been showing up pretty well in military training lately. They must be anxious to learn how to fight before the banquet comes off.

"LADIES AND GENTLEMEN —AND EMPTY SEATS"

An American lecturer was once asked if he had any particular method of obtaining his fluency of oration and his power to interest and entertain his audiences.

His answer was this. "When I go on the stage," he said, "I immediately single out a person in the audience and to that person I address every word of my speech. I regard him as my critic."

Perhaps this is the system followed by Mr. C. Wells the British engineer, who lectured at Storrs last Thursday evening on Experiences in the Malay Jungle. If so, let it be said, that Mr. Wells could have experienced little difficulty in choosing his listener. With a scant thirty-five to pick from, his choice was limited,—not to say, restricted.

"Ladies and gentlemen,—and empty seats" were the opening words of a lecture that was unusual and entertaining as well as instructive. It was given the previous night to an audience of twelve hundred at the Brooklyn Institute.

We do not believe the contention that there are only a few students here who appreciate clean, high-class and instructive entertainment. We do believe that the students welcome the entertainments given during the school year and that they frown on cheap, vaudevillian, slap-stick presentations and applaud those that cater to the highest classes of city audiences.

Are we right?

THE TRINITY GAME

The first home game of the football season with our rivals from Hartford, although robbed of much of its force by rainy weather, disclosed much that was of value in regard to the cut and fit of our 1921-1922 athletic suit of clothes.

We were gratified at the showing that the eleven made and confident that a score in the second half was prevented only by the condition of the field and the ball. No doubt a win over St. Stephens on Saturday will help to give the team that necessary additional punch which puts the ball over the line at the critical moments of the game.

In spite of the inclemency of the weather the Alumni attendance was excellent. The old boys who came will come again and tell others to come, for they must have realized the possibilities of their Alma Mater this year in athletics. Now that the Alumni are able to participate in the management of athletics their interest will be much stronger than before.

The Aggie spirit was there in the grandstands or thereabouts, and the old fire was not extinguished by the rain either. Coach Tasker will discover as time goes on that the spirit which in the past has stood unshaken under hard luck and defeat at the hands of stronger teams will need no coaxing to show itself in victory.

To carry the load of rooters that will throng our sidelines during the football and baseball seasons we must have some new portable bleachers. If the lumber could be procured we could readily construct one or two stands. The Athletic Council should take this matter up at their earliest convenience.

SHADOW AND SUBSTANCE

The title of this editorial puts the word shadow first, in which position it is often incorrectly placed in other situations and circumstances.

At college we have the substance and the shadow.

The college exists,—not to produce athletes or to train men in dramatics, singing or social etiquette. These things are valuable only as they aid the main purpose.

But to train a man, for instance, in plumbing and in nothing else but plumbing is a poor system and its greatest supporters fell with the recent demise of Prussia.

The best citizen of a state must know and appreciate factors of the social system outside of their definite specialization.

But the world demands of us service. And it is an age when a man must specialize in order to serve.

The purpose of this college is to produce agriculturists, engineers, and scientists. If a student happens to utilize a campus activity so that he afterwards earns a living by using his activity training, he is an exception, an offshoot, a peculiarity.

The majority of students here are given a respite of four years from the world's work to prepare themselves in

the three capacities above mentioned.

If the student fritters away his time on the non-essentials, forgetting the main purpose, he mistakes the froth for the soup, the glitter for the gold, the shadow for the substance.

Look at the scenery along the way, but stick to the main road.

THE GLEE CLUB AND THE BLACKGUARDS

We notice in this week's news that the Glee Club and the Blackguards have elected officers for the year and are now out for business.

These organizations should take themselves seriously this year and offer the public some excuse for their existence.

Time was when the Blackguards were a clever bunch of coons. But last year they tried to sail by on the good ship Reputation and came near dangerously close to sinking. However, we are confident that the darkies will now steer their Mississippi steamboat through a successful season.

The Glee Club is fortunate in securing the services of Mrs. H. D. Newton. This is an activity that should be maintained at a high level even though great effort is required. An enlarged college orchestra if it can be developed will aid the Club materially. The organization has the golden opportunity of its long and checkered career and it should not fail to grasp it.

CLASS HOURS CHANGED TO GIVE MORE TIME TO FOOTBALL PRACTICE

By a vote of the faculty, classes were begun at one o'clock in the afternoon commencing, Monday October 10. This action was taken in order to allow the football men a longer period of daylight in which to practice as the shortening of the afternoon has made serious inroads on the amount of time in which they could practice, under normal playing conditions. A similar action which was taken last year, produced very favorable results.

This also gives more daylight time for playing the inter-class games.

AN ALUMNUS READS THE CAMPUS

Here we have an ingenious Alumnus who is so busy in the dairy business that he has to do his reading while he milks. Notice what periodical he is reading. Even the cow is trying to see how her picture looks on the editorial page. Some of our dairymen alumni use clothespins to hang the Campus on the cow's tail while they are milking, but we cannot endorse any particular method. They're all good. Use the one that suits your particular circumstances.

But here's the point. Those Alumni who subscribe to the Campus always get their money's worth and they certainly await its coming every week. We are constantly receiving letters from the Alumni, commending the Campus in a special or general way. We are certain that our paper will please YOU.

This is the last issue that we can put before you free of charge. If you wish to know how the teams are making out and the schedule of our home games or any of the news that you can only be furnished through the Campus the signing and mailing the accompanying subscription slip will do the trick.

ALUMNI NOTES

Perry Wallace is with American Sumatra Tobacco Co., E. Granby, Conn.

J. C. Taylor is State Poultry Club leader.

Frank Wooding is teaching Killingly High School, Danielson, Conn.

Benjamin Thompson '17, Percy Camp, ex '22, Walter Francis '18, Malcom Seegur, ex '22, Everett Wathams, Martins Roser, Paul Butler, and Harold Woodford were on the hill for the week end to see the Trinity game.

Everett D. Dow '21 and P. Johnson, '21 appeared for a short visit recently. The two cronies left Storrs Sunday to go South for the winter.

P. N. Manwaring '20, M. H. Lockwood '20, W. F. Maloney '20, E. J. Graniss, ex '21, E. N. Blevins '20, and C. J. Pillion ex '24 were on the "Hill" for the game with Trinity.

Harry Lockwood '20 visited Storrs for a while on Sunday.

KAMPUS KLIPS

The Goods.

"Daughter, who was here with you last night?"

"Only Myrtle, father."

"Well tell Myrtle that she left her pipe on the piano."—Exchange

Can You Beat It?

The college graduate was looking for a position. Entering an office he asked to see the manager, and while waiting he said to the office boy: "Do you suppose there is any opening here for a college graduate?"

"Dere will be" was the reply, "if de boss don't raise me salary to t'ree and a half a week, by tomorrow night?"—Exchange.

"I say, Stalker," he said, "you remember you told me that you had hunted tigers in West Africa? Well Captain Smith tells me there are no tigers there."

"Quite right quite right," said Stalker blandly, "I killed them all."—Exchange.

The husband looked up from the newspaper he was reading to say, "I see Thompson's shirt store has been burned out."

"Whose?" asked his wife who was slightly deaf.

"Thompson's shirt store," said the husband.

"Dear me," said the wife sympathetically, "who tore it?"—Exchange.

The Freshman's Prayer:

Now I lay me down to rest
Before tomorrow's awful test.
If I should die before I wake
Thank God I'll have no test to take.
Heard on the Campus;
"Oh gal why don't you marry me?"

Can You Imagine It?

Lyman:—What's the trouble?
Abbe:—Got kicked out of class.
Lyman: What for?
Abbe:—For good.

Ainteawful!

Putnam:—What effect has short skirts on a man's looks?
Mitchell:—I dunno.
Putnam:—The shorter the skirts, the longer he looks.

Daughter, seeking domestic instruction in view of her impending marriage): "How do you make hash, mother?"

Mother: "Mercy, child, you don't make hash, it accumulates."—Exchange.

The latest to Edison's famous list:—
Who shot what off whose head?
—Exchange

They sat alone in the moonlight,
And she soothed his troubled brow;
"Dearest, I know my life's been fast,
But I'm on my last lap now."
The "Springfield Student."

Just Before the Battle.

It was a wedding in a church and after the ceremony the minister suggested that the choir sing.

"And what was the song?"

"No. 147, The Fight is On"—Exchange

Of all the girls that I love best,
There's none like pretty Mable.
I don't know yet if she can cook
But Lord, I hope she's able.

First Senior: "I hear 'Beano' is on his feet again."

Second Senior: "How So?"

First Senior: "His creditors have taken his flivver."

Love is like an onion.

We eat it with delight.

When its gone we wonder,

What ever made us bite.

—Widow

THAT TENNIS GAME

O, There she plays. There she plays,
O, all dressed up in her pretty ways.
While everyone prays, and prays, and prays.

For fear she'll bust her corset stays.

Prof. Garrigus dictating to stenographer, "The dam and sire bred by—"

Steno:—"The damned sire bred by—
(If Mr. Garrigus don't use better language, I'm going to quit this job)."

AG. CLUB PLANS

FOR COMING YEAR

Men Assigned to Various Departments.

A meeting of the "Ag Club" was held Wednesday evening with President Henry Boas presiding. Plans for the coming fair were discussed tentative reports were given by the chairmen of the various committees which were appointed last year. Those in charge of the various departments are: Chairman fair committee, Samuel Kostolefsky; Dairy, R. Johnson; Horticulture, R. Howes; Bacteriology, C. A. Slanetz; Agronomy, R. Abbe; Animal Husbandry, P. Beardsley; Judging contests, E. Slanetz; Botany, A. Weinstein.

SENIOR CLASS APPOINTS

BANQUET COMMITTEE

1921 Nutmeg Clears Seventy Dollars

At a meeting of the Senior Class held Monday evening, Oct. 10, it was voted Pres. Jaynes appoint a committee to draw up the rules for the Freshmen banquet which will probably be held early this year and with a week for its extent.

H. F. Webb, business manager of the 1921 Nutmeg reports that the book had made \$70 which would be turned into the class.

C. E. SOCIETY PLANS TRIP TO MANSFIELD COLONY

Increased Interest Taken in Sunday Evening Meetings.

Instead of the regular Sunday evening meeting, the Christian Endeavor society of Storrs will journey to Mansfield next Sunday, and hold an afternoon service at the Mansfield Training School. This custom has been followed by the Endeavor society for a number of years, and the trips have always proved most enjoyable.

A meeting of the co-eds was held recently to decide how money would be obtained to pay the two hundred dollars due on the piano bought last year by the girls of Whitney Hall. Half of that sum must be paid by January first so it was decided that the girls will give a Follies as soon as it can be arranged.

A dance is also being planned, but no details have as yet been decided upon.

In the meantime the girls will sell popcorn and sandwiches at all the home games, the proceeds of which will be used to pay for the piano.

The baseball schedule is shaping up rapidly under the supervision of Manager H. B. Beisiegel. Amherst, Brown, Wesleyan and Springfield are already closed.

(Cont. from page 1, col. 4)

The results of the general intelligence test are not altogether consistent with this scholarship average; for the Cosmopolitan Club, with a larger enrollment than the other organizations, stood lowest in the test; the Phi Mu Delta fraternity, with the next largest enrollment, was next to the bottom; and the Phi Epsilon Pi with the smallest membership, stood within one of the top.

The College Shakespearean Club ranked highest, with an average grade of 144.8 for its 29 members; the eight men in the Phi Epsilon Pi averaged 142.5, while the seventeen members of the Alpha Phi were a close third with a grade of 142.2. Twenty-nine men in the Sigma Alpha Pi averaged 140.6, and 22 members of Eta Lambda Sigma ranked 135. Thirty members of the Phi Mu Delta fraternity averaged 134.6, and the 42 members of the Cosmopolitan had an average of 143.2.

The co-eds averaged considerably lower than the men, 57 girls in all four classes having an average grade of 125.9 and 35 special students, Federal Board men, etc. were last in the list with a rank of 125.2.

The honor list for the first semester was recently posted and contained the names of fifty-two students. An honor student at C. A. C. is one whose marks for the preceding semester did not go below C in any subject, and whose average standing for the term was grade B or better. Although the co-eds

did not do so well in the intelligence test, their standing was much better on the honor list. Seventeen co-eds, or 26 per cent. of those enrolled, were honor students last semester, while thirty-seven men, or 18 per cent. of the total, maintained an average of B for the term.

Taking the honor list by classes, the seniors have the best standing with sixteen members, or 29 per cent. of the class honor pupils. Fourteen members or 20 per cent. of the class of 1923 were honor students, and fourteen sophomores, or 7 per cent. had an average of B, or better.

The average standing of the different college classes makes an interesting study. The Class of 1923, with 70 members, ranked first with an average grade of 144.5. Fifty-five juniors averaged 143.1; thirty-one members of the class of '21 had an average of 138.8; the freshman class of 81 students averaged 124.8; and 32 specials, unclassified students, and Federal Board men had an average grade of 113.5.

A relatively large number of freshmen and seniors failed to pass the test with a grade of D or 60 per cent. The class of '22 had the highest standing in this respect, only 12 men or 22 per cent. of the class failing to make a D grade. 7 sophomores, or 24 per cent. of the class were below 60 per cent. and ten seniors or 3 per cent. of the class had a grade below D. Forty-one freshmen or just half of the class failed to meet the requirements, and 59 per cent. of the specials, unclassified students, and Federal Board men were below 60 per cent.

There is a fairly close correlation between honor students and those who make high grades in an intelligence test, but this correlation is not infallible, as shown by the fact that nine men who are on this year's honor list failed to pass the intelligence test with a grade of 60 per cent. This would seem to indicate that the intelligence tests are often not an accurate measure of a man's mental capacity,

GENTRY LECTURES FROSH ON "HOW TO STUDY"

Benefits of Systematic Study Shown to Beginners

In order that the Freshmen might get started on the right track they were asked to attend the first of a series of three lectures on "How to Study." These lectures are given every Wednesday night. At the end of this series Miss Edwina Whitney will give the Frosh a lecture on the use of the Library.

Professor Gentry brought out some of the fundamental principles of study, as well as some of the benefits which are to be derived from a systematic and orderly attempt to prepare the daily lessons. He gave each Freshman a schedule in which to record every thing that is done between the hours of 6 A. M. and 10 P. M. If properly made out this will give both student and faculty an opportunity to study where reorganization of the students daily program is most needed in order to bring about the greatest efficiency of the students life.

Professor Gentry brought out several things that should be valuable to all students, the substance of which is contained in the following statements.

Two fold aim of Education: Knowledge, Power.

My Standard. I am failing if I fail to work up to my capacity.

Self activity is necessary. No one can educate me. I must educate myself.

Begin your work promptly.

Distinguish between reading and understanding.

Realize the importance of the questioning habit.

but that they indicate his ability to think quickly and accurately. With a time limit set on each part of the intelligence test, a slow thinker is at a disadvantage, and does not score as high as a more rapid thinker. However, a slow thinker often gets better marks, for he masters his subject more thoroughly than one who merely skims over the subject.

Two men from the class of 1921, both of them honor students and one of them a Gamma Chi Epsilon man, failed to pass the general intelligence test, having averages of 39 and 41 per cent. Yet these men are both specialists along their particular lines, and the fact that they were honor students indicates their ability to master their subjects.

So that while in general the law of averages holds good, there will continue to be exceptions to the rules, and failure along one line may mean success in some other field of activity.

All summer long we have been wondering what any man who could answer Mr. Edison's questions, really got out of college.—"The Campus," University of Rochester.

Next week the Campus will run a story on Professor H. R. Monteith.

MCULLOUGH CHOSEN AS CHAIRMAN BY FRESHMEN

Taylor Speaks on Traditions

The first Freshman meeting was held on Friday Oct. 8, at 7:45 in the Main Building. Irving Taylor, president of the Sophomore Class, opened the meeting with a short talk on traditions. Fred Peterson followed with a suggestion that the Freshman Class elect a committee to further cooperation in the execution of Freshman labor.

The main business of the meeting was the election of officers which was as follows:

Chairman, Edward McCullough; Secretary, Flora Howe; Treasurer, William O'Brien.

A committee consisting of Martin Ryan, Franklin Stull, and Flora Howe was appointed by the chairman to design the Freshman banner. Purple and gold were chosen as the class colors in compliance with the old custom of using the colors of the last graduating class. Another committee was appointed to interview A. W. Manchester in regards to becoming the class advisor.

REV. HERBERT J. WHITE SPEAKS AT ASSEMBLY

Hartford Pastor Foretells America's Golden Age.

Rev. Herbert J. White pastor of the First Baptist Church in Hartford, gave the address at College Assembly last Wednesday morning. Taking for his topic:—"America's Golden Age." The speaker declared that our golden age lies just ahead of us. Some call the last century our golden age, but a great American novel has not yet been written, and America has developed no real genius in art or music.

Great as our progress in science has been during the past fifty years, it cannot compare to the progress which will be made during the next half-century. The sun, the air, the water, and even the lightning, will be harnessed to serve man's needs. War has made us see the possibilities in science, and it has stimulated man's inventive genius to the utmost.

The Golden Age especially challenges those who are entering upon a college career. For a freshman, four golden years of opportunity are offered, in which to question and investigate, and finally to mold that thing called character. The glory of achievement and the knowledge of success and power comes as the reward of a college life well spent.

Dismissing a little from the golden age, the speaker referred to the indomitable courage of our Pilgrim forefathers, as portrayed in the recent Pilgrim Pageant at Plymouth. This spirit of justice, freedom, and courage has been handed down through all the centuries, and with this same spirit we should go forward into our Golden Age.

VAN BUREN PRESIDENT OF BLACKGUARDS

Tryouts for Freshmen to be Held Soon

At the first regular meetings of the Blackguards held in Hawley Armory Friday, October 7, the following officers were elected. C. N. Van Buren President, Milton Katz, Director, G. V. Hildring, Secretary-Treasurer and R. S. Wooster, Business Manager.

It was decided to hold try-outs for freshmen wishing to join the club as soon as possible. Also it was voted that a show be given in the near future.

MECHANICAL DEPARTMENT BUYS FORD AUTOMOBILE

Doctors State That Lizzie Will Soon Recover

In order that the men taking Professor Fitts' course in Auto Mechanics may become real up-to-the-minute mechanics the Mechanical Engineering Department purchased one 1913 Ford Automobile for the boys to experiment upon. This was the machine, operated by Boulanger and towed by a more reliable car, that caused all the people along Faculty Row to cease work and marvel at the freak that was passing last Monday afternoon.

Altho the first appearance upon the "Hill" was somewhat unfavorable the doctors who held council over Friend Lizzie stated that the chief ailments were a severe case of "bearingitis and general rundown." A strong tonic of the "wrench and hammer" brand sweetened with screw drivers and sand paper to be taken between one-thirty and five-thirty on Thursday afternoons was prescribed, and it is hoped that poor Lizzie will soon be in the "pink" of condition.

(Cont. from page 2, col. 3)

the ball going to the Seniors on their own twelve yard line. Castiglione then broke thru and blocked the Senior punt, the Sophs recovering on the Senior's nine yard line. The chance to score was lost however, when Maier intercepted a forward. The seniors then began their second triumphant march, the heavy backs hitting the line for ten and fifteen yard gains and five first downs. Maier carried the ball over the line just as the whistle blew for the second score of the game. "Dutch" again missed the kick.

The lineup:—

Seniors 12		Sophomores 0
Boas	1e.	Bamford
Lawson	lt.	Guber
Van Buren	lg.	Mathews
Slanetz	c.	Wing
Ferris	rg.	Schlichert
Small-Capt.	rt.	Benham
Putnam	re.	Nelson
Wood	q.	Peterson
Maier	lh.	Taylor
Goodearle	rh.	Palen
Wooster	f.	Donahue

Touchdowns—Wood and Maier. Sub-Lawson for Taylor, Cassidy for Giuber, Heath for Small. Referee—Tasker, Umpire—Guyer Headlinesman—Boyers. Time of quarters—four-eight minutes.

MATHEWSON HEADS STUDENT COUNCIL.

Student Affairs Discussed by Council.

The student Council started operations for the year on Monday, October 3 when the body elected R. H. Mathewson '22, President and C. Dossin, '23 Secretary. The new members of the council are as follows: For the Senior Class, R. H. Mathewson, P. N. Putnam, G. P. Goodearl, H. D. Boas; for the Junior Class, C. Dossin, A. N. Weinstein, E. S. Peterson; for the Sophomore Class, F. C. Peterson, H. G. Nelson.

The Council discussed the following matters: Dormitory inspection, cribbing, supervision of activities. The next meeting will be held on Monday, October 17 at nine o'clock in the Campus Office.

A. G. SKINNER PRESIDENT OF FACULTY CLUB

On Tuesday, Oct. 4, the Faculty Club held its regular annual business meeting. After transacting the necessary business, the club elected its officers for the ensuing year. The results of the election were as follows:—President, Prof. A. G. Skinner; Secretary-Treasurer Prof. D. E. Warner; Third Member of Executive Committee, Mr. B. A. Brown. It was voted to hold the usual program of meetings with "round-table" discussions of topics of interest to the members.

YEAR

An increased interest has been taken in the C. E. society this year, and so far the Sunday evening meetings have been better attended than last year. The Christian Endeavor society is open to all denominations and everyone is welcome who is willing to help in the work of the society. A definite program for the year is being arranged by the committees in charge. A number of union meetings will be held with nearby societies, and several socials will probably be held during the year. At a recent business meeting of the society Miss Ida Tuttle was elected Secretary and Treasurer, and Robert Keeler was made chairman of the Social Committee.

GAMMA CHI EPSILON CUP CAUSES STRONG RIVALRY

The honorary fraternity of Gamma Chi Epsilon has given a cup which is awarded annually at Commencement to the fraternity or club whose members have maintained the highest average standing during the preceeding year. Last year this cup was won by the Alpha Phi fraternity, with the Cosmopolitan Club and the College Shakespearean Club a close second and third respectively.

C. WELLS LECTURES ON "EXPERIENCES IN MALAY"

British Engineer Tells of Strange Beasts and Ape Men

Before a small audience of students and faculty last Thursday evening, C. Wells of Boston gave a very interesting and instructive lecture on his experiences in the Malay Jungle.

Mr. Wells was sent to Malay by the British government to survey a railroad. He was in the jungle for seven years and at one time he did not see the sun for nine months so dense was the jungle growth.

His stereopticon views were well explained but the chief charm of the lecture lay in the Englishman's peculiarity of expression and in the display of the Malayan robes and shawls manufactured from silver and gold threads.

Four co-eds were picked to have the honor of wearing the garments before the audience. Mr. Wells clothed himself as the father of the Malay family while the co-eds assumed the other domestic roles. With a Malayan kris stuck in his belt Mr. Wells seemed capable of defending as large a family as many of the Malays undoubtedly possess.

Mr. Wells seemed none the worse for wear although after hearing him lecture the audience wondered how he had escaped the snakes, the tigers, the fever, the spiders, and other items that make life so pleasant in the Malay jungle.

STUDENT COUNCIL PLANS DORMITORY INSPECTION

System Will be Brought Before Students' Org. Friday Night

The Student Council in a meeting last Monday night adopted a plan of dormitory inspection which will go into effect Sunday morning. This plan provides for punishment of cases of dirty rooms. The plan will be read before the Students' Organization at a meeting of that body on Friday night.

The Council is also working upon a plan for scheduling activity meetings on definite nights so that the confusion of date conflict will be eliminated.

From now till the end of the year the Council will meet weekly on Monday evenings.

"CAMPUS" MAY USE WIRE- LESS TO OBTAIN RESULT OF GAMES

With the installation of a complete wireless phone at the M. E. building comes the possibility of the "Campus" receiving the results of our intercollegiate games by wireless. By the time the basketball team begins to make trips all arrangements will probably have been made to secure the scores by wireless phone.

At the M. I. T. conference last year in Cambridge the publications delegates discussed the matter of an intercollegiate arrangement for securing results of games by wireless. The University of Michigan reported at that time that they had had considerable success in obtaining basketball scores in this way.
